PARK PLANNING ASSOCIATES

Reconstruction of Faxon Park Playground
Quincy, Massachusetts

Addendum No. 1

The following changes and or additions to the bid documents are made part of the contract documents for this project. Please acknowledge receipt of this addendum on page 3 of the bid form.

1. **Add Bid Item 22: Rock Excavation.** See attached revised Bid Form. Rock excavation to be measured and paid for per Section 02200 Earthwork, 3.06(D).

2. **Sheet 8: Poured in Place Rubber Safety Surface Detail.**

A. At edges adjacent to Wood Fiber surfacing, the poured in place surfacing shall extent 18" from the designed edge of the safety zone at an angle to the base of the wood fiber.

B. At edges adjacent to grass the poured in place shall extend 12" at an angle to 8" below the designed grade of the safety surfacing. Alternatively the Contractor may choose to install an aluminum edging, equivalent to that designed for path edges, at the designed limit of the safety surfacing and install poured in place to that edge.

3. **Disposal of clean fill.** Earth excavation materials that are approved by the Landscape Architect as "Clean Fill" can be disposed in the park at the area in process of development as recreational facilities.

Spaces to delight the body and spirit, to enhance environment...
