

Adams Green & Downtown Construction Activities

Proposed work activities for the week of: March 6, 2016

- Demolition of the old Woolworth's building foundation at the corner of Hancock and Clivedon Streets is ongoing in preparation for a new mixed used condo complex on this parcel. Clivedon Street will be closed from March 14th thru project completion to vehicular traffic.
- NGRID Electric will begin to remove the overhead wires on Cottage Avenue so that the façade on Cottage Avenue can be installed for the West of Chestnut Project.
- A.R. Belli will be installing conduits in the Coddington Street Faxon Avenue area. This work is being done to improve the aging lines placing them underground and eventually removing the poles and overhead wires for a cleaner sightline of the surrounding buildings
- Riley Bros. are continuing to install a gas main in Cottage Avenue. This work will replace the aging gas main with a new gas main to serve a variety of commercial and residential buildings downtown. This work is expected to be completed in April.
- Temporary striping is scheduled to be placed down on Monday within the Adams Green Project.
- The traffic signals at Hancock Street and the MBTA busway are expected to be fully operational next week.
