Neighborhood Meeting

Wetland Protection and Rodent Control
Monday, August 15th at 6:00pm

Dear Neighbor,

Please join us for a meeting to discuss some important issues that affect the quality of the residents in our community - specifically, the protected and beautiful wetlands (woods or small forest) in our neighborhood as well as rodents/rats that have been observed in our neighborhood.

At the meeting we will learn about the regulations that exist pertaining to living near and/or owning property that includes or abuts wetlands, how residents can help achieve the legally required protection needed for these wetlands and conservation land, and how we can all work together to minimize the rodent/rat population in our neighborhood. I will be hosting this meeting along with our Ward Six Councillor William Harris and Tom Carroll of the Quincy Conservation Commission. The meeting will take place on Monday, August 15th at 6:00pm at the Quincy Asian Resources office located at 275 Hancock Street, above the McDonalds across from North Quincy High School.

The meeting will focus on how residents can help to achieve the ultimate protection possible for the City's wetlands and conservation land, and through doing that, the safety and quality of life for the citizens of Quincy. We will also be discussing how residents can work together to minimize the rodent issue in your neighborhood. If these matters are of interest to you, I encourage you to attend this meeting to learn more.

One of my most important roles as your Councillor-at-Large is to keep you informed of matters that may affect you. If you would like to share your e-mail for future communications regarding important community information, please send me an email at nliang@quincyma.gov and I will add you to the list. You can also follow me on Twitter and Facebook for current information.

If you have any questions or concerns regarding this matter, please do not hesitate to call me at 617-376-1358 or email me at nliang@quincyma.gov.

Respectfully,

Nina X. Liang
Councillor At Large

cc: William P. Harris, Ward Six Councillor
Tom Carroll, Conservation Commission
