City of Quincy
Park & Forestry Department
Richard J. Koch Park & Recreation Complex
One Merrymount Parkway
Quincy, MA 02170

Thomas P. Koch
Mayor

Kristen M. Powers
Executive Director

I. SCOPE OF WORK

The City of Quincy realizes the need to remove damaged, dead, or structurally unsound trees along the public way that present a potential hazard to pedestrians, private property, motorists, and utility lines. The intent of this project is to remove approximately 300 trees in an effort to minimize storm damage and reduce liability in problem areas.

The Contractor shall supply trained labor, materials and equipment to safely and professionally perform the required work according to all applicable codes and regulations. Although the City will be overseeing this project, the Contractor shall work independently and without assistance from the Forestry Division of the Quincy Park Department.

II. PERSONNEL and EQUIPMENT

The Contractor shall use and maintain equipment in a safe manner. Each worker shall have ANSI certified safety equipment, including harnesses, hardhats, gloves, eye and ear protection and shall be trained in the proper use of equipment and machinery. The Contractor shall also use vehicle safety devices, signs and lights to clearly warn motorists passing through the work site. The City will pay the cost of police details for times when required work jeopardizes public safety. The Contractor shall be responsible for ordering police detail officers when necessary. The Contractor shall be responsible for coordination with National Grid or other utilities where necessary.

Each Contractor’s crew shall have an ISA or Massachusetts Certified Arborist present at all times. This person will be responsible for identifying the hazard trees or branches and completing and signing a Tree Report for each take down or limb removal. Work around overhead utility lines shall be done by certified line clearers, with extreme caution taken at power lines.

Vehicles and equipment shall be model year 2005 or newer. Each bidder shall complete the attached Personnel & Equipment Description form and return such with their sealed bid.

III. RATES and INSURANCE

This contract requires employers to meet Prevailing Wage Rates. Prior to award of this contract, the Contractor must submit insurance certificates for coverage on all vehicles, public liability and property damage in the following minimum amounts:

Comprehensive General Liability	\$1,000,000/\$3,000,000
Auto Liability: Property Damage	\$ 500,000/ \$ 500,000
Personal Injury	\$1,000,000/\$3,000,000
Workers’ Compensation	as required by the Commonwealth of Massachusetts

IV. WORK REQUIREMENTS/SPECIFICATIONS

- A. The project estimate is to remove approximately 300 hazard trees, 150 of which would be classified as “medium trees” (up to 24” in diameter) and the remaining 150 classified as “large trees” (over 24” in diameter). Stumps as a result of tree removal shall be ground by the Contractor as part of this contract.
- B. The City will supply maps that show the designated routes for work and the weekly schedule. The Contractor shall meet with the City Arborist on a weekly basis to physically identify the hazard trees/branches slated for removal for the following week.
- C. The Contractor’s General Foreman shall contact the City Arborist or designee each morning to report daily progress and the general area of work for that day. Work hours shall be Monday through Friday, 7:00 a.m. to 3:00 p.m. unless approved otherwise. Several roadways may require work to commence off-peak (after 9:00 a.m.) to minimize traffic delays. The City will be responsible for payments to detail police officers.
- D. Once a tree is identified as a hazard tree, a tree report shall be filed and signed by the Certified Arborist. These reports shall be returned to the City Arborist or designee at the end of each workweek. In the event of a questionable hazard, the Contractor shall also include a photo with the Tree Report and notify the City Arborist.
- E. Prior to cutting, the Contractor’s crew shall safely set up the work site, including warning signs and safety lights. Major streets may be reduced to one lane of traffic, as long as uniformed police details are on site.
- F. The Contractor shall safely cut the hazard tree or branch, using caution when dropping large logs. Limbs shall not be permitted to sway loosely.
- G. The Contractor is responsible for removing all branches, wood, debris, etc., to an offsite location of their choice.
- H. The work site shall be hand swept clean of all debris and slash prior to moving to the next location.
- I. Any damage to public or private property shall be repaired or replaced to its original condition by the Contractor.
- J. Tree removals shall be flush cut to the ground.

- K. Stump removal shall be made part of this contract. Stumps shall be ground to four inches below surface. The Contractor is responsible for cleanup in conjunction with stump grinding.
- L. A spreadsheet complete with size and location of trees to be removed is attached to this specification.

V. CONTRACT TIME

Once the contract is awarded, work shall commence and continue, except for instances of inclement weather, to be completed within 60 days.

VI. PAYMENT

Payment will be made to the Contractor from approved invoices.

The City of Quincy requires the awarded contract provide a certificate of liability Insurance.
