

Mercury Containing Products

We accept all mercury containing products twice a year on Household Hazardous Waste Drop-off Day around mid-May and the first Saturday in October. See the posting under Hazardous Waste listing on the left side bar under Waste and Recycling.

Otherwise you can bring mercury items to Clean Harbors, 1 Hill Ave., Braintree, 781-380- 7100. Acceptable products include thermostats, switches, thermometers, blood pressure cuffs, barometers, fluorescent bulbs and energy efficient compact fluorescent bulbs.
