Why a Housing Production Plan for Quincy?

The Metropolitan Area Planning Council (MAPC) is working with the City of Quincy to develop a Housing Production Plan (HPP) that will guide market-rate and affordable housing preservation and creation. An HPP will also help the City meet the State-mandated affordable production target. Overall, the plan may influence the type, amount, and location of affordable housing in Quincy. For more information, please visit the Massachusetts Department of Housing and Community Development's HPP information page, <http://tinyurl.com/dhcdhpp>, and to view Quincy's previous HPP, go to <http://tinyurl.com/2010hpp>.

Meeting Agenda

We are seeking the public's input to better understand local housing issues and establish housing goals. Please join us for our first of two public forums, where we'll discuss:

The Housing Production Plan as a tool to maintain and increase affordable housing opportunities in Quincy

- Regional demographic context
- Local housing needs and demand
- Housing opportunities and challenges in the City
- Housing goals for the future

Survey

In order to inform the plan, please share your thoughts on current and future housing opportunities in Quincy by completing a brief survey: <http://tinyurl.com/hppsurvey>
