Welcome to the Quincy Business Community!

Dean Rizzo
President

QUINCY BUSINESS GUIDE

INTRODUCTION

The goal of this user-friendly guide is to help small business applicants better understand the existing permitting and licensing process in the City of Quincy. As you move forward, always remember that the City staff is available and more than happy to assist you. Doing it right from the start saves everyone time and money.

As you prepare to open your business, it is important to check with the city's Department of Inspectional Services to make sure the proposed business is allowed in the zoning district and property you are considering. The Quincy Chamber of Commerce also has experienced staff that is available to assist you.

The City of Quincy and Quincy Chamber of Commerce offer a variety of services to help an individual through the permitting and licensing process.

- Representatives from the city's building, health, zoning and licensing departments join with local architects, building contractors and attorney's to answer questions and help make your experience of opening a business in the City of Quincy a pleasant one. Contact the Quincy Chamber of Commerce at 617-471-1700 to schedule an appointment.
- Every Thursday afternoon from 2:00 – 4:00 the Department of Inspectional Services offers a free walk-in clinic where individuals can meet one-on-one with zoning and permitting officials to review a proposed project and the steps required for city approval. The Department of Inspectional Services is located at 55 Sea Street and can be reached at 617-376-1450.

PLACES TO START

If you anticipate undertaking renovations (leasehold improvements) on an existing commercial space it is advisable to check with the Department of Inspectional Services prior to signing the lease. The Department will determine if the business is permitted in the proposed location and will inform you of any building code and public safety requirements needed prior to opening the business. Knowing these factors upfront will help you budget adequately when securing financing for your business, and better prepare you for negotiating lease terms and conditions.

A Preliminary Site Review service is available to help individuals evaluate a commercial space to determine the public safety and building code upgrades that may be necessary to accommodate the new use or proposed renovation design. Contact the Department of Inspectional Services to schedule a Site Review at 617-376-1450

It is advisable that you contact the City Councillor that represents your business area in which you are proposing to locate your business. The City Councillor can provide community input and perspective to help guide you through the approval process.

BUSINESS CERTIFICATE

Office of City Clerk

Joseph P. Shea, City Clerk

1259 Hancock Street, Quincy, MA 02169

Phone: 617-376-1132 | Virtual Licenses: 617-376-1134 | E-mail: jshea@quincyma.gov

WHAT IS A BUSINESS CERTIFICATE?

A business certificate is the public record of the name and address of the owner(s) of a business, and is commonly referred to by the name “D.B.A.” (“doing business as”) or “Sole Proprietorship. Its purpose is primarily for consumer protection and public information. Lenders will typically request a copy of your business certificate.

WHO NEEDS TO GET A BUSINESS CERTIFICATE?

Massachusetts General Laws Chapter 110, §5 states that any person conducting business in the Commonwealth under any title other than the real name of the person conducting the business, whether individually or as a partnership, shall file (a certificate) in the office of the clerk of every town or city where an office of any such person or partnership may be situated.

Under Chapter 110, §6 a business certificate is not required if a corporation is doing business in its true corporate name, or if a partnership is doing business under any title which includes the true surname of any partner. Certain other associations and partnerships may also be exempt (refer to above citation for details.)

Businesses who file with the Secretary of State’s Office do not need to file in the City.

HOW DO I FILE OR RENEW A BUSINESS CERTIFICATE?

Business certificates can be obtained at the City Clerk’s Office. If you are using your residence as your business address then you must first obtain a Home Occupancy Approval letter from the Department of Inspectional Services. This can be obtained provided that the owner filing for the business certificate is proven to be a resident at that address and meets the requirements for a home business. After obtaining the Home Occupancy Approval letter from the Department of Inspectional Services, you can then obtain a business certificate at the office of the City Clerk after presenting your letter. The fee for a business certificate is \$40.00 and is valid for four years. Renewal fee is also \$40.00.

WHAT DO I DO IF I DISCONTINUE OR WITHDRAW FROM THE BUSINESS, OR MOVE TO ANOTHER LOCATION?

If you are no longer in business or you move out of the City, you should file a withdrawal from business form obtained at the office of the City Clerk. The fee for withdrawing from a business is \$10.00. This should be done as soon as possible as personal property taxes on your business cannot be adjusted until the Assessor’s receive your withdrawal form. It is effective from the date that you file this form not the date you ended your business. You should file before the date of expiration.

WHAT IS THE PENALTY FOR FAILING TO FILE A BUSINESS CERTIFICATE?

The requirement to file a business certificate is a State Law (MGL Chapter 110, §5). Failure to do so is punishable by a fine of up to \$300.00 per month of violation.

DOES THE FILING OF A BUSINESS CERTIFICATE PROTECT ME FROM OTHERS USING THE SAME NAME?

No. The protection of a trademark (word, name, symbol or device) in Massachusetts is accomplished through the Secretary of State’s Office, visit www.mass.gov/scc. Other information about starting a business in Massachusetts can be found on the www.mass.gov/hed.

WHAT IS A BUILDING PERMIT?

Building permits are issued to licensed contractors and property owners to allow new construction work and/or renovations of a commercial space. Building permits are required to construct, reconstruct, alter, repair, remove or demolish a building or structure or change the use of a building.

WHERE DO I GET A BUILDING PERMIT?

The Department of Inspectional Services issues building permits. Other required approvals for the work, such as special permit approval and Fire Department approval, must be obtained before a building permit will be issued.

HOW DO I GET A BUILDING PERMIT?

1. Application: You will need to submit a Building Permit application to the Department of Inspectional Services. The fee is calculated at that time based on the value of construction.

2. Steps: After submittal of the Application and Plans, a staff member within the Department of Inspectional Services will review plans and issue a Building Permit. Elements of construction such as foundation, plumbing and electrical will be permitted separately under certain conditions. Periodic inspections must be scheduled as elements of the project are completed. A final inspection and review is necessary for a Certificate of Occupancy.

3. Certificate of Occupancy: After your building permit work is completed, the project will receive a Certificate of Occupancy from the Department of Inspectional Services, which is required to occupy the building.

Note: Permits become invalid if work does not start within 180 days of the permit being issued or if work is suspended for 180 days after starting. The Building Commissioner may grant extensions.

The Licensing Board has established a fee schedule for the above referenced licenses. Contact the City Clerk's office for a complete listing of all licenses and associated fees.

ALCOHOLIC BEVERAGE LICENSE

Local and State Review: The Quincy Licensing Board will review your application and determine whether to approve it at the local level. If it does approve the application, the Board will forward the application to the ABCC for its approval. Once approved by the ABCC, the License Board will issue you the alcoholic beverages license. The ABCC will undertake a site inspection of the premise before issuing approval.

Note: There are a limited number of licenses that can be issued in the city – check for availability. If you stop operating a licensed business, you must give up your license and deliver it to the License Board. If you plan to temporarily suspend your business operations, you must provide notice to the License Board at least 10 days in advance.

WHAT IS A SITE PLAN REVIEW?

Site Plans show the layout, design, and construction of buildings, structures, and paving on a site in a way that protects the public's interest and some of the possible adverse outcomes of site development. Flooding, light glare, erosion, traffic hazards, obstruction of scenic views, noise, traffic, trash, contamination or aesthetic problems sometimes affect the area adjacent to development. The Site Plan Review procedure gives a community some control over development impacts by working with the property or building owner to shape the development in the best manner possible, and place certain conditions on the development. The purpose of Site Plan Review is to promote development that will be beneficial to the community and to protect the community from potential harmful impacts, by determining the most appropriate use of the land consistent with the City of Quincy Zoning Code.

WHO CONDUCTS SITE PLAN REVIEW?

Under the City of Quincy Zoning Code, the Planning Board has the responsibility of reviewing Site Plans. The Planning and Community Development Department manages the Site Plan Review Application Process and issues recommendations to the Planning Board.

WHAT PROJECTS REQUIRE SITE PLAN REVIEW?

Under the City of Quincy Zoning Code:

- All construction of a new nonresidential structure or expansion of an existing nonresidential structure which results in a total of more than 5,000 gross square feet but less than 9,999 square feet.
- All multi-family or apartment developments in any zoning district which results in a structure with more than three dwelling units.
- Construction or expansion of a parking lot which results in a total of more than 10 spaces.
- All structures within the Quincy Center Zoning Districts.
- There are additional activities that trigger Site Plan Review. It is strongly recommended that Department of Inspectional Services be consulted.

WHAT IS THE PROCESS FOR SITE PLAN REVIEW?

Once the Inspectional Services/Building Department has determined a project will require Site Plan Review, a site plan application will need to be submitted to the Planning and Community Development Department which can be found in the ***Rules and Regulations for Site Plan Review*** for all Zoning Districts except the Quincy Center Zoning Districts where that application can be found in the ***Rules and Regulations for the Quincy Center Zoning Districts: Special Permit and/or Site Plan Review***.

A Site Plan Review Application deemed complete by the Planning and Community Development Department will be scheduled for the next Planning Board meeting date.

The City of Quincy is in the midst of a major transformation of its historic downtown that will create a variety of new opportunities for businesses. Several regulatory and redevelopment programs are now in place to promote Quincy Center. Anyone interested in locating in Quincy Center are encouraged to contact the Department of Inspectional Services, Planning and Community Development Department, and the Quincy Chamber of Commerce.

WHAT KIND OF ZONING IS IN PLACE FOR QUINCY CENTER?

Two Quincy Center Zoning Districts are in place for the downtown. The only difference between the two is one district has a 10-story height limit while the other as a 15-story limit. Mixed-use is allowed by-right, dimensional requirements abolished, and reduced parking ratios are all geared towards promoting greater economic activity.

WHAT KIND OF APPROVALS ARE REQUIRED IN ORDER TO LOCATE IN QUINCY CENTER?

Site Plan Review and a Special Permit are required for all new construction in the Quincy Center Zoning Districts. Small building rehabilitation and tenant fit-outs require only Site Plan Review.

The Quincy Center Historic Overlay District transects the Quincy Center Zoning Districts. The Historic District Commission reviews and approves signage and building facades.

WHAT KIND OF ESTABLISHMENTS DOES THE COMMUNITY SUPPORT IN THE DOWNTOWN?

Any business looking to locate in Quincy Center is encouraged to read the *Quincy Downtown Vision, Framework, and Strategy Plan* as well as the (*Quincy Center District Design Guidelines*). These documents can be found in the Planning and Community Development Department or at www.quincyma.gov

ISN'T QUINCY CENTER ABOUT TO BE TORN DOWN?

There is an active Urban Renewal District and Plan that covers over half of the Quincy Center Zoning Districts. The City is supporting new private investment with significant public improvement projects along with pursuing the disposition of both the Hancock Parking Lot and Ross Parking Garage parcels to a developer who shares the City's Vision for a revitalized Quincy Center. Contact the Planning and Community Development Department for more information.

SMALL BUSINESS LAUNCH

The Quincy Chamber Small Business Launch is a five-week program that addresses many of the issues and topics that someone starting their first business needs to know. It is taught by local professionals from the private and public sectors who are eager to share their expertise and experiences to help others with their pursuit of starting a new small business. Topics such as the right legal structure, executing a business plan, financing options, insurance issues, marketing & sales strategies and more are covered during this program.

NETWORKING EVENTS

The Quincy Chamber offers a variety of ways for businesses to connect with fellow business owners, residents and city officials, at a time of day that works best for you. At our unique "Q-Up" networking events that are held in the morning, mid-day, or after hours, you have unlimited opportunities to network and increase your business contacts.

THE QUINCY CENTER FOR INNOVATION

The Quincy Center for Innovation (QCI) is a unique, 20,000 sq.ft. co-operative work environment ideal for co-working and collaboration, supporting start-ups and early phase companies. The QCI offers an all-encompassing program that focuses on helping entrepreneurs and start-ups by providing access to mentors and individuals who are there to help you plan and grow your business. It is this collaborative environment that makes the QCI the perfect place for start-ups to begin on the South Shore of Boston.
