Public Hearing

Robertson Street Bridge
Wednesday, May 18th at 6:30pm
Old City Hall - 1305 Hancock Street
Lower Level Meeting Room

Dear Neighbor:

The Massachusetts Department of Transportation (MassDOT) is in the design stage for work on the Robertson Street Bridge that runs over the Southeast Expressway. This project is in the beginning design stage and construction will not begin until the Fall 2018. During construction the City will require the contractor to maintain traffic flow on the bridge while executing this work, which will require the crews to only work on half the bridge at a time.

MassDOT will be holding a public hearing on May 18th at 6:30 pm in the lower level meeting room at Old City Hall located at 1305 Hancock Street. Representatives from the MassDOT will be in attendance to present their plan, answer questions and to hear your concerns. If this matter is important to you, I encourage you to attend this meeting.

One of my most important roles as your Ward Councillor is to keep you apprised of matters that affect our neighborhoods. If you do not already receive the Ward Four e-newsletter which contains important community information, please send me an email at bpalmucci@quincyma.gov and I will add you to the list. You can also follow me on Twitter and Facebook for current information.

Sincerely,

Brian Palmucci
Ward Four Councillor
