

Public Flu Clinic Schedule-

updated on Wednesday December 1, 2010.

Our remaining public flu clinics are scheduled as follows:

▲ Starting December 1, public clinics will also be held each Monday and Wednesday from 2-4 PM at the Quincy Health Department, 440 East Squantum Street. These clinics will be open to residents 9 years of age and older. Children between 9 and 18 must be accompanied by a parent or legal guardian.

We also ask that you wear clothing that allows quick and ready access to your upper arm for the administration of the influenza vaccine (flu shot).

Seniors should bring all of their medicare and medicare supplemental health insurance cards, so we may submit for administration reimbursement. There is no cost for the flu shot. Women who are pregnant should have a note from their Doctor.

If you have any questions regarding the flu or our clinic schedule, please call the Quincy Health Department at 617-376-1275
