ADDENDUM NUMBER _1

RE:  BID DUE :  May 10, 2019 @ 11:00 A.M.

BID/RFP TITLE:  Point Webster School Cooling Tower

PLEASE NOTE:

The following question was submitted by potential bidders relative to the above referenced Invitation to Bid. The question and answer is below;

Q:  At the Pre-bid walk through conducted today, it was discussed that the steel painting could be completed the day of the cooling tower replacement in lieu of jacking up the existing cooling tower in advance for structural steel surface prep and paint work.

Please verify that this method of painting the steel is acceptable.

A:  We will accept steel prep and paint work on the day of the lift only for sections of steel directly covered by the tower. All of the accessible areas of steel shall be prepped and painted prior to the day of the lift.

Q:  Are there drawings for the cooling tower?

A:  There are no drawings for this project.

Thank you.

PLEASE ACKNOWLEDGE THIS ADDENDUM IN YOUR BID, AS IT IS NOW A PART OF THE BID.
